
Connecting an iPad to C2k Wireless

Overview

This information sheet explains the steps required to connect an iPad to C2k Wireless. This is a first-time only activity and would only need to be carried out again when the user account password has changed.

Prerequisites for connecting to C2k Wireless:

C2k User account must be a member of **Meru C2k Wireless** security group

Alternatively, for shared devices you can use the shared accounts located at C2k Exchange | My School | School Documents | Guest Wireless Folder

Connecting the iPad

1. Power on iPad device and go to **Settings | Wi-Fi**
2. In the list of wireless networks, tap **C2kwireless**
3. C2k Wireless connection information dialog is then displayed.
 - In the *Username* field enter the C2k Username
 - In the *Password* field enter the C2k password
 - Tap **Join** button
4. A Certificate dialog is then displayed, tap the **Accept** button
5. System will then connect to C2k Wireless
6. Safari, AppStore, iTunes etc.. should now be accessible.

Note: If the Smart Connect Profile (C2k Guest) was previously installed on the iPad, please remove by following the steps below:

1. Go to **Settings | General**
 2. Scroll down to profile click **Profile**
 3. Click **C2k Guest**
 4. Tap **Delete Profile**
 5. Enter iPad passcode if prompted for one
 6. Confirm you want to delete by clicking **Delete**
- Profile will now be removed from the iPad
