UNIVERSITY

Keep an eye on UCAS track from 08.00 on 15 August. Universities will have received results and will begin confirming offers from that time.

- If the conditions of the offer are met, places should be confirmed early in the morning. This will appear on UCAS Track and should also be confirmed by an email from the university.
- If results are marginal e.g. a grade away from the offer, it may take a few hours to get a decision from the university. Be patient.
- If grades definitely do not come close to meeting offer conditions, you may wish to consider finding a place through clearing. Full guidance on this is available on the [UCAS website](#), but it is also worth browsing universities' own clearing pages.

Queen's University, Belfast

Information for new incoming students to Queen's is provided on our [website](#). If applicants need to contact the Admissions and Access Service, they can do so through our enquiry form.

Based on feedback from Schools, Colleges and applicants, we will not hold applications where the grades acceptable have not been achieved for the original choice. This will allow applicants to approach us about being considered for an alternative degree programme at Queen's and enable applicants to be placed at their Insurance choice or enter Clearing more quickly. This is important to maximise the alternative opportunities available at this stage of the cycle. [The Enquiry Form, which is available on the website, should be used if applicants wish to be considered for an alternative course at Queen's, for Clearing enquiries and any other Confirmation enquiries \(for example, deferred entry\).](#)

Stranmillis University College.

Phone lines will be open to applicants/parents/schools from Thursday 15 August and throughout the period, from 10am-1pm and 2.15pm to 4pm. The telephone number is 02890 384 263.

Visitors to the campus are welcome throughout the period from 2pm to 4pm each day.
